ELITE FC

Girls' Soccer Club

2010 Youth Academy

U-8 through U-9 Girls

Nevada Elite FC's Youth Academy is open to all girls who are playing pre-competitive (recreational) soccer and want to move into competitive club soccer within the next year or two. All players will be affiliated with **Nevada Elite FC** and receive two Club training shirts and official training ball. The Youth Academy will focus on the development of individual player technical skills and introduction of basic tactical skills. Players will receive instruction from **Nevada Elite FC** "D" licensed Coach Bill Carey and other members of the Club staff.

Sessions will be held once per week. Each session will last approximately one hour. Each session will involve a warm-up followed by instruction in technical skills and various age-appropriate games to allow players to work on those skills in a challenging and fun environment. Players will have a great time learning skills that they can practice on their own and with their current recreational league teams. The Academy is a great way for young players to learn the skills they need to advance in the game and develop as players, while still attending their team practices and games. The Academy will prepare players for competitive level soccer.

Days: Mondays starting on August 9-October 25, 2010

Time: 5:30-6:30 p.m.

Location: To be announced
